

RENOVATIONS

STRENGTHENING CHURCHES AND LEADERS NOW AND INTO THE FUTURE

Preparation questions:

1. What are the key traits to a good leader?
2. Generally speaking, how can sin affect a church? A leader?

Watch video (Josh 1.1)

Post-video discussion and action questions:

1. What do you think of Josh's comment that to be a good leader you need to be aware of your imperfections? Are you aware of yours? Take some time to consider your weaknesses and spend time in confession, praying for God's strength in your weakness.
2. Think about what the life cycle for your church is. Is it struggling? If so, is it, as Josh says, because of sin?
3. If your church is not struggling, is it replanting and revitalizing?

What step will I take next?
