

RENOVATIONS

STRENGTHENING CHURCHES AND LEADERS NOW AND INTO THE FUTURE

Preparation questions:

1. How would you define justice? How about justice in the church?
2. The idea that culture is constantly changing isn't a new one. Take a few moments to consider that within the context of the church—is it connected? How?

Watch video (Leroy 1.1)

Post-video discussion and action questions:

1. Given Leroy's definition of justice, what are some current ways that you see the church—generally and in your specific context—separate sacred and secular?
2. How is your church lagging behind the changes in culture? How does that affect you and your leadership team?

What is my next faithful step?
